Re: Ammunition Logs and Internet Vendors  
Matter ID: 09-5552  
Document No. 120447

Dear Mr. Davis:

This letter is in response to your letter to City Attorney Eileen Teichert dated October 16, 2009, regarding the application of the firearm ammunition sales logs regulations of Chapter 5.66 of the Sacramento City Code to your client whom you describe as an "out-of-state internet vendor".

As you may realize, the City Attorney's Office cannot opine on whether your specific client is subject to the City's ammunition sales logs regulations without knowing their specific circumstances and the full extent of their practices and procedures. Nevertheless, Chapter 5.66 of the Sacramento City Code was neither intended to regulate vendors who sell firearm ammunition through the internet from a location outside of the State of California, nor has it been applied in that manner.

I hope this answers your question. If you have any further questions in this

regard, please feel free to contact me.

Very truly yours,

EILEEN M. TEICHERT  
City Attorney

STEVEN Y. ITAGAKI  
Senior Deputy City Attorney
