Re: CTU2009-0302-01 – Memo Regarding Metal Repair Frames for Glock Pistols

Dear Mr. Hoffman:

The Office of Administrative Law (OAL) has received your petition alleging that Department of Justice has issued, used, enforced, or attempted to enforce an underground regulation. OAL declines to accept your petition. (Government Code section 11340.5; California Code of Regulations, title 1, section 270)

Our decision in no way reflects on the merits of the underlying issue presented by your petition. It does not constitute a judgment or opinion on any issue raised in your petition. Nothing in our decision restricts your right or ability to pursue this matter directly with the Department of Justice or in court.

Sincerely,

Susan Lapsley
Director
